

Arlington Zoning Board of Appeals

Date: Tuesday, November 26, 2024
Time: 7:30 PM
Location: Conducted by Remote Participation
Additional Details:

Agenda Items

Administrative Items

1. **Conducted by Remote Participation**

Reference materials will be linked to the agenda at least 48 hours prior to the meeting. Per Board Rules and Regulations, public comments will be accepted during the public comment period during each public hearing. Written comments may be provided by email to ZBA@town.arlington.ma.us sent at least 48 hours prior to the start of the meeting.

Register in advance for this meeting: <https://town-arlington-ma-us.zoom.us/join/tZlqcuyuqDsQEtJLZgACsyqm-AD8ghTMwcGY>

After registering, you will receive a confirmation email containing information about joining the meeting.

Notice to the Public on meeting privacy In the interests of preventing abuse of videoconferencing technology, all participants, including members of the public, wishing to engage via the Zoom App must register for each meeting and will need to follow multi-step authentication protocols. Please allow additional time to join the meeting. Further, members of the public who wish to participate without providing their name may still do so by telephone using the dial-in information provided above. Learn more about the ZBA at the ZBA website.

2. **Member Vote: Decision Docket 3820 57 Aerial St**
3. **Member Vote: Decision Docket 3824 232 Mass Ave**
4. **Member Vote: ZBA Meeting Schedule for 2025 Revised**
5. **Member Vote: Approval of Meeting Minutes 9/10/2024**
6. **Member Vote: Approval of Meeting Minutes 9/24/2024**
7. **Member Vote: Approval of Meeting Minutes 10/08/2024**
8. **Member Vote: Approval of Meeting Minutes 10/22/2024**

Hearings

9. **#3825 15 West Street (continued)**

LEGAL NOTICE

Notice is herewith given in accordance with the provisions of Section 3.2.2 of the Zoning Bylaws that there has been filed, by **David R Peterson and Xiujin Zhang**, on October 8, 2024, a petition seeking to alter their property located at **15 West Street - Block Plan 172.0-0012-0002.0**. Said petition would require a **Special Permit** under **8.1.3(B)** of the Zoning Bylaw for the Town of Arlington.

A hearing in regards to the petition will be conducted remotely via "Zoom" **Tuesday evening at 7:30 P.M on November 12, 2024**, as soon thereafter as the petitioner may be heard. To join the meeting, please register using the following URL: <https://www.arlingtonma.gov/town-governance/boards-and-committees/zoning-board-of-appeals/zba-calendar> and choose the date of the meeting you wish to attend.

For documentation relating to this petition, visit the ZBA website 48 hours prior to the hearing at <https://www.arlingtonma.gov/town-governance/boards-and-committees/zoning-board-of-appeals/agendas-minutes>

DOCKET NO 3825

Christian Klein, RA, Chair
Zoning Board of Appeals

Please direct any questions to: **ZBA@town.arlington.ma.us**

**SP-24-27**

Special Use Permit
Application (ZBA)

Status: Active
Submitted On: 10/8/2024

Primary Location

15 WEST ST
Arlington, MA 02476

Owner

PETERSON DAVID R; ZHANG
XIUJIN
15 WEST ST ARLINGTON, MA
02476

Applicant

 Adam Glassman
 617-412-8450
 ajglassman@hotmail.com
 17 Brown St Unit #2
Cambridge, MA 02138

Special Permit Criteria

Indicate where the requested use is listed in the Table of Use Regulations as allowed by Special Permit in the district for which the application is made or is so designated elsewhere in the Zoning Bylaw. ***Please LIST BYLAW(S)**** 

The proposed 2-story right side addition is being made as additonal living space to an existing single family house in an R-1 zone.

Explain why the requested use is essential or desirable to the public convenience or welfare.*

The proposed 2-story right side addition will allow the owners, a family of 4, to remain in the house and neighborhood they love. Without the additional space this growing family would need to look for a larger house and would be priced out of their existing neighborhood.

Explain why the requested use will not create undue traffic congestion, or unduly impair pedestrian safety.*

The proposed side addition create no new traffic patterns, will not reduce or affect the existing on or off street parking.

Explain why the requested use will not overload any public water, drainage or sewer system, or any other municipal system to such an extent that the requested use or any developed use in the immediate area or any other area of the Town will be unduly subjected to hazards affecting health, safety or the general welfare.*

The proposed side addition will create no new bathrooms or additional loads on the city's water and sanitation systems. The proposed side addition will create no stormwater runoff that cannot be contained on the property.

Describe how any special regulations for the use, as may be provided in the Zoning Bylaw, including but not limited to the provisions of Section 8 are fulfilled.*

There are no special use regulations applicable to this project.

Explain why the requested use will not impair the integrity or character of the district or adjoining districts, nor be detrimental to the health or welfare.*

The proposed side addition will create no adverse affects on the direct abutters, the neighborhood or the city. There will be no loss of privacy, no new noise or sound pollution, the character and scale of the existing house will remain unchanged.

Explain why the requested use will not, by its addition to a neighborhood, cause an excess of the use that could be detrimental to the character of said neighborhood.*

The proposed addition is very modest in size, only 608 GFA, there will be no increase in the existing neighborhood density.

ZONING BOARD OF APPEALS

ARLINGTON, MASSACHUSETTS

In the Matter of

Michael and Madeline
Maranian

Petitioners

)
Docket #2055

REQUEST FOR PERMIT

Hearing : July 10, 1973

Decision: September 25, 1973

OPINION OF THE BOARD

Members Present:

John R. Kenny, Acting Chairman
Francis DeRoche, Acting Secretary
F. Leo Fitzpatrick

OPINION OF THE BOARD

This is a proceeding of the Zoning Board of Appeals of the Town of Arlington, Massachusetts, acting under the Zoning By-Law of the Town of Arlington, and General Laws, Chapter 40A, as amended, in which Michael and Madeline Maranian seek permission to establish a parking space in the front yard of the property located at 15 West Street, Arlington.

Following the giving of notice as required by law, a hearing was held by the Zoning Board of Appeals (hereinafter called, ("Board")) at the hearing room, Robbins Town Hall on July 10, 1973.

Mr. Maranian appeared in support of his petition.

Briefly, he stated that use of the existing garage under the house was unsatisfactory for a number of reasons, including difficult egress during winter months, noxious fumes, closeness of driveway retaining walls, and seepage of water due to drainage into the garage from the driveway. He further stated that establishment of a parking space on either side of the dwelling would create, together with existing use of side yards by neighbors, a cramped situation, and would require removal of trees and shrubs, and that parking to the rear of the dwelling would be extremely difficult due to the grade of the lot.

The Board is cognizant of the problems faced by the petitioner, however we are perplexed as to precisely what circumstances have brought the petition before us.

It is apparent that the petitioner has, in accordance with a properly issued building permit, enclosed the present under-the-house garage with a concrete block wall, and has remodeled it into an additional room. According to a condition upon issuance of the permit, the petitioner agreed to relocate the parking space that was being eliminated under the dwelling to one side of the dwelling, in accordance with Section 13-C of the By-Law.

It now appears, for the reasons stated at the hearing and in the petitioners' application, that this is not desirable.

The Board is further perplexed by an obvious difference of opinion on the part of the Town Engineer as stated in his letter of July 3, 1973 with reference to this petition, and on the part of the Department of Planning and Community Development in its report dated July 10, 1973, relative to the same subject matter. We refer specifically to the maximum width for a parking area which would contain two automobiles, and note that the Town Engineer has a suggested minimum of 22 feet, while the Department of Planning and Community Development believes that seventeen feet is sufficient.

We presume that each has arrived at a conclusion that is based upon some research, but find it difficult to understand why the difference in these respective conclusions equals five full feet in width.

Therefore, the Board will, in general sense, reach into its experience

and that of developers of properties requiring customer parking spaces, and come to a separate conclusion that such spaces under normal circumstances should be ten feet in width per space.

However, we further find the circumstances here to be not quite normal, since, by visual estimate it appears that a space twenty feet in width would cause the removal of a well established tree from the subject property.

The Board is not pleased by the sequence of events presented in this petition. We find we are faced with determining the advisability of granting permission to black top nearly 50% of a front yard of a single family residence, primarily because the petitioner has come to the conclusion, after the fact, that he does not wish to act in accordance with the agreement that was understood at the time the building permit was issued.

At the same time, we recognize the inadvisability of creating cramped and impassable areas in side yards of lots which are extremely small, and the undesirability of perpetuating on-street parking wherever such can be eliminated.

Therefore it is the decision of the Board that the following permission be granted:

1. The established parking space for the single family residence at 15 West Street shall, insofar as the Board has the authority in such parking space, in the location of the presently existing driveway.
2. The petitioner may enlarge the area for parking by installing an appropriate surface therefore to a point no closer than three feet to the southerly property line, provided that no excavation or paving may be located any closer than two feet from the base of the trunk of the tree located in the south-easterly corner of the property.

The permission granted herein is subject to the area to be so used for parking shall be graded in a manner to provide for drainage in an easterly direction, but, more specifically in a manner satisfactory to the Town Engineer, and the area remaining between the proposed paved area and the Southerly property line also be graded in a manner satisfactory to the Town Engineer, and in the event that, in the opinion of the Town Engineer, a retaining wall is necessary as a result of excavating or filling, such retaining wall will be installed.

The Inspector of Buildings is authorized to issue the necessary permits in accordance with this decision and other pertinent laws, regulations and rulings.

The Board hereby makes a detailed record of all its proceedings relative to this petition; sets forth its reasons for its decision and its findings; directs that the record be filed in the office of the Town Clerk and shall be a public record; and that notice of this decision be made forthwith to each party in interest.

ATTEST:

Acting Chairman

Town of Arlington, Massachusetts

Special Permit Criteria

Indicate where the requested use is listed in the Table of Use Regulations as allowed by Special Permit in the district for which the application is made or is so designated elsewhere in the Zoning Bylaw. ***Please LIST BYLAW(S)*** 

I am doing an addition with an adu as well as more living space in the dining room and a master bathroom. The square footage will exceed 750sqft.

Bylaws 5.10.2 and 5.4.2B(6)

Explain why the requested use is essential or desirable to the public convenience or welfare.*

I'm taking in my elderly parents and eventually my inlaws which is why we need the extra space.

Explain why the requested use will not create undue traffic congestion, or unduly impair pedestrian safety.*

Both my parents and in-laws are retired and don't drive much. The neighborhood is quiet and perfect from them to walk around safely.

Explain why the requested use will not overload any public water, drainage or sewer system, or any other municipal system to such an extent that the requested use or any developed use in the immediate area or any other area of the Town will be unduly subjected to hazards affecting health, safety or the general welfare.*

They use the same amount of water if they moved else where in Arlington. As they are elderly, having them close is important.

Describe how any special regulations for the use, as may be provided in the Zoning Bylaw, including but not limited to the provisions of Section 8 are fulfilled.*

We are building the adu not for financial gain but to take care of our elders.

Explain why the requested use will not impair the integrity or character of the district or adjoining districts, nor be detrimental to the health or welfare.*

We will be the second adu in the neighborhood. This project adds value to all homes surrounding us. The neighbors are happy to have both my parents and my inlaws join the neighborhood. My father-in-law is a staple of youth sports in Arlington as he helps with both flag football and baseball. Everybody loves Fred!

Explain why the requested use will not, by its addition to a neighborhood, cause an excess of the use that could be detrimental to the character of said neighborhood.*

This will provide a place for both my parents and in laws to age surrounded by people that love them. We have no plans to air bnb or rent as this as it is our family home.

**SP-24-29**

Special Use Permit
Application (ZBA)

Status: Active
Submitted On: 10/16/2024

Primary Location

4 INTERVALE RD
Arlington, MA 02474

Owner

MARTINS VICTOR C
INTERVALE RD 4 ARLINGTON, MA
02474

Applicant

 Victor MARTINS
 781-789-7038
 platinumdoor@gmail.com
 4 Intervale Road
Arlington, MA 02474

Special Permit Criteria

Indicate where the requested use is listed in the Table of Use Regulations as allowed by Special Permit in the district for which the application is made or is so designated elsewhere in the Zoning Bylaw. ***Please LIST BYLAW(S)*** 

I am doing an addition with an adu as well as more living space in the dining room and a master bathroom. The square footage will exceed 750sqft.

Bylaws 5.10.2 and 5.4.2B(6)

Explain why the requested use is essential or desirable to the public convenience or welfare.*

I'm taking in my elderly parents and eventually my inlaws which is why we need the extra space.

Explain why the requested use will not create undue traffic congestion, or unduly impair pedestrian safety.*

Both my parents and in-laws are retired and don't drive much. The neighborhood is quiet and perfect from them to walk around safely.

Explain why the requested use will not overload any public water, drainage or sewer system, or any other municipal system to such an extent that the requested use or any developed use in the immediate area or any other area of the Town will be unduly subjected to hazards affecting health, safety or the general welfare.*

They use the same amount of water if they moved else where in Arlington. As they are elderly, having them close is important.

Describe how any special regulations for the use, as may be provided in the Zoning Bylaw, including but not limited to the provisions of Section 8 are fulfilled.*

We are building the adu not for financial gain but to take care of our elders.

Explain why the requested use will not impair the integrity or character of the district or adjoining districts, nor be detrimental to the health or welfare.*

We will be the second adu in the neighborhood. This project adds value to all homes surrounding us. The neighbors are happy to have both my parents and my inlaws join the neighborhood. My father-in-law is a staple of youth sports in Arlington as he helps with both flag football and baseball. Everybody loves Fred!

Explain why the requested use will not, by its addition to a neighborhood, cause an excess of the use that could be detrimental to the character of said neighborhood.*

This will provide a place for both my parents and in laws to age surrounded by people that love them. We have no plans to air bnb or rent as this as it is our family home.

LEGAL NOTICE

Notice is herewith given in accordance with the provisions of Section 3.2.2 of the Zoning Bylaws that there has been filed, by **Nathan Dooley-Hayes and Frances Coolidge Hayes**, on October 21, 2024, a petition seeking to alter their property located at **247 Wachusett Avenue - Block Plan 157.0-0010-0006.0**. Said petition would require a **Special Permit** under **5.3.9(D)** of the Zoning Bylaw for the Town of Arlington.

A hearing in regards to the petition will be conducted remotely via "Zoom" **Tuesday evening at 7:30 P.M on November 26, 2024, as soon thereafter as the petitioner may be heard. To join the meeting, please register using the following URL:** <https://www.arlingtonma.gov/town-governance/boards-and-committees/zoning-board-of-appeals/zba-calendar> and choose the date of the meeting you wish to attend. **For documentation relating to this petition, visit the ZBA website 48 hours prior to the hearing at** <https://www.arlingtonma.gov/town-governance/boards-and-committees/zoning-board-of-appeals/agendas-minutes>

DOCKET NO 3827

Christian Klein, RA, Chair
Zoning Board of Appeals

Please direct any questions to: **ZBA@town.arlington.ma.us**

**SP-24-30**

Special Use Permit
Application (ZBA)

Status: Active
Submitted On: 10/21/2024

Primary Location

247 WACHUSETT AVE
Arlington, MA 02476

Owner

DOOLEY-HAYES NATHAN; HAYES
FRANCES COOLIDGE
WACHUSETT AVE 247
ARLINGTON, MA 02476

Applicant

 Nathan Dooley-Hayes
 617-435-2921
 ndooleyhayes@gmail.com
 247 Wachusett Ave
Arlington, MA 02476

Special Permit Criteria

Indicate where the requested use is listed in the Table of Use Regulations as allowed by Special Permit in the district for which the application is made or is so designated elsewhere in the Zoning Bylaw. *****Please LIST BYLAW(S)***** 

Requested use is past the setback and qualifies as non-conformity. 5.3.9D

Explain why the requested use is essential or desirable to the public convenience or welfare.*

Requested use is for a vestibule/mudroom to be added to side entrance of the house; addition will improve use of the house for residents and will not interfere with neighbors in any way.

Explain why the requested use will not create undue traffic congestion, or unduly impair pedestrian safety.*

Requested use will be a very small addition, of approximately 25 square feet, and is on the side of the house, not having any impact on traffic or pedestrians.

Explain why the requested use will not overload any public water, drainage or sewer system, or any other municipal system to such an extent that the requested use or any developed use in the immediate area or any other area of the Town will be unduly subjected to hazards affecting health, safety or the general welfare.*

There is no water, drainage, or sewer requirements for this project, and will not change such use of municipal systems for the house.

Describe how any special regulations for the use, as may be provided in the Zoning Bylaw, including but not limited to the provisions of Section 8 are fulfilled.*

Requested use is for a vestibule/mudroom that is non-conforming, but will not interfere with neighbors and will be built on top of an existing footprint which is currently a stairs/landing for side entrance to the house.

Explain why the requested use will not impair the integrity or character of the district or adjoining districts, nor be detrimental to the health or welfare.*

The requested use will be built on top of an existing side entrance/landing and will not require any new foundation to be built; there will be no interference with neighboring properties.

Explain why the requested use will not, by its addition to a neighborhood, cause an excess of the use that could be detrimental to the character of said neighborhood.*

The requested use will be a small vestibule/mudroom for our family to use, however this will have zero impact on the number of people who use the entrance to our house, and will not be built in such a way that the house will look significantly different or out of character for the neighborhood. The mudroom/vestibule will be built to match the existing look and feel of our house and the neighborhood.

Special Permit Criteria

Indicate where the requested use is listed in the Table of Use Regulations as allowed by Special Permit in the district for which the application is made or is so designated elsewhere in the Zoning Bylaw. ***Please LIST BYLAW(S)**** 

Requested use is past the setback and qualifies as non-conformity

Explain why the requested use is essential or desirable to the public convenience or welfare.*

Requested use is for a vestibule/mudroom to be added to side entrance of the house; addition will improve use of the house for residents and will not interfere with neighbors in any way.

Explain why the requested use will not create undue traffic congestion, or unduly impair pedestrian safety.*

Requested use will be a very small addition, of approximately 25 square feet, and is on the side of the house, not having any impact on traffic or pedestrians.

Explain why the requested use will not overload any public water, drainage or sewer system, or any other municipal system to such an extent that the requested use or any developed use in the immediate area or any other area of the Town will be unduly subjected to hazards affecting health, safety or the general welfare.*

There is no water, drainage, or sewer requirements for this project, and will not change such use of municipal systems for the house.

Describe how any special regulations for the use, as may be provided in the Zoning Bylaw, including but not limited to the provisions of Section 8 are fulfilled.*

Requested use is for a vestibule/mudroom that is non-conforming, but will not interfere with neighbors and will be built on top of an existing footprint which is currently a stairs/landing for side entrance to the house.

Explain why the requested use will not impair the integrity or character of the district or adjoining districts, nor be detrimental to the health or welfare.*

The requested use will be built on top of an existing side entrance/landing and will not require any new foundation to be built; there will be no interference with neighboring properties.

Explain why the requested use will not, by its addition to a neighborhood, cause an excess of the use that could be detrimental to the character of said neighborhood.*

The requested use will be a small vestibule/mudroom for our family to use, however this will have zero impact on the number of people who use the entrance to our house, and will not be built in such a way that the house will look significantly different or out of character for the neighborhood. The mudroom/vestibule will be built to match the existing look and feel of our house and the neighborhood.
